**Instructions for Primary Tier Participant Certification (States)**

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency may terminate the transaction for cause or default.

In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

**PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE**  
**(applies to subrecipients as well as States)**

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

**POLICY ON SEAT BELT USE**

In accordance with Executive Order 13043, Increasing Seat Belt Use in the United States, dated April 16, 1997, the Grantee is encouraged to adopt and enforce on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information and resources on traffic safety programs and policies for employers, please contact the Network of Employers for Traffic Safety (NETS), a public-private partnership dedicated to improving the traffic safety practices of employers and employees. You can download information on seat belt programs, costs of motor vehicle crashes to employers, and other traffic safety initiatives at [www.trafficsafety.org](http://www.trafficsafety.org). The NHTSA website ([www.nhtsa.gov](http://www.nhtsa.gov)) also provides information on statistics, campaigns, and program evaluations and references.

**POLICY ON BANNING TEXT MESSAGING WHILE DRIVING**

In accordance with Executive Order 13513, Federal Leadership On Reducing Text Messaging While Driving, and DOT Order 3902.10, Text Messaging While Driving, States are encouraged to adopt and enforce workplace safety policies to decrease crashes caused by distracted driving, including policies to ban text messaging while driving company-owned or rented vehicles, Government-owned, leased or rented vehicles, or privately-owned vehicles when on official Government business or when performing any work on or behalf of the Government. States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

**CASH MANAGEMENT**

Cash draw-downs will be initiated only when actually needed for disbursement (i.e., as close as possible to the time of making disbursements). Cash disbursements and balances will be reported in a timely manner as required by NHTSA. 2 CFR Part 200.305.

For subrecipients, recipients must establish reasonable procedures to ensure the receipt of reports on subrecipients' cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. Recipients must monitor cash draw-downs by their subrecipients to assure that they conform substantially to the same standards of timing and amount as apply to advances to the recipients. 2 CFR 200.305. Failure to adhere to these provisions may result in the termination of draw-down privileges.

**OFFICE OF MANAGEMENT AND BUDGET GRANT CONDITIONS**

The following documents issued by the Office of Management and Budget (OMB) apply to all Federal grants regardless of the Federal Department making them available:

- **Audit Requirement of Federal Funds:** 2 CFR part 200, subpart F (formerly known as OMB Circular A-133) – These requirements apply to each non-profit organization, each institution of higher education, and local governments as a whole when they or one of their departments receives federal funds. Any non-profit organization, institution of higher education, or local government spending more than \$750,000 in federal funds from all sources within a 12-month period must have an audit performed on the use of the funds. OGR defines the 12-month period as July 1 to June 30. The following link provides the full text of this basic federal grant requirement: <https://www.nhtsa.gov/highway-safety-grants-program/resources-guide>.
- **Cost Principles for Federal Grants to State and Local Governments**
  - 2 CFR 200 subpart E – These requirements apply only to state and local government subrecipients. These regulations list and define general categories of costs that are both allowable and unallowable. Examples include the following:
    - The cost of alcoholic beverages is unallowable.
    - Costs incurred by advisory councils are allowable.
    - Audit costs are allowable.

- o Compensation costs are allowable so long as they are consistent with that paid for similar work in other activities of the local government.
  - o Entertainment costs are unallowable.

Equipment having a useful life of more than one year or a current per-unit fair market value of \$5,000 or more must be tracked. When replacing equipment purchased with federal funds, the equipment to be replaced may be used as a trade-in or can be sold with the proceeds used to offset the cost of the replacement equipment. In addition, during the period of the contract with HSO, insurance on the equipment is allowable.
  - o Travel costs are allowable if pre-approved by the HSO and so long as they are consistent with those normally allowed in like circumstances for non-federally funded activities.
- **Cost Principles for Federal Grants to Non-Profit Organizations and Institutions of Higher Education** - These requirements apply to only the non-profit and higher education sub recipients. These document list and define general categories of costs that are allowable and unallowable. The links below provide the full text of these two basic federal grant requirements.
    - o 2 CFR 200 subpart E
  - **Indirect cost rate** (if any) are allowable for the Federal award (including if the de minimis rate is charged per 2 CFR § 200.414 - Indirect (Facilities and Administration) costs) (2 CFR § 200.331(a)(1)(xiii)); and An approved Federally-recognized indirect cost rate (if any) negotiated between the subrecipient and the Federal government or, if no such rate exists, either a rate negotiated between the pass-through entity (SHSO) and the subrecipient, or a 10 percent de minimis indirect cost rate as defined in 2 CFR § 200.414 - Indirect (F&A) costs, paragraph (b) (2 CFR § 200.331(a)(4).

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small

Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and sub grants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

(J) See §200.322 Procurement of recovered materials.

#### SPECIAL PROVISION-NH OFFICE OF HIGHWAY SAFETY

- (A) In the event of any conflict or ambiguity between the provisions of the Subrecipient's application and the provisions of the Office of Highway Safety Grant Agreement, including applicable EXHIBITS A and B, the provisions of the Grant Agreement shall govern.
- (B) The NH Office of Highway Safety (OHS) will review all reports and certifications received to ensure compliance. If findings specific to Highway Safety Programs are detected within an agency's Single Audit, appropriate action shall be taken to ensure that identified sub recipient risks are being timely and appropriately corrected.

I understand that failure to comply with applicable Federal statutes and regulations may subject State officials to civil or criminal penalties and/or place the State in a high risk grantee status in accordance with 2 CFR 200.

I sign these Certifications and Assurances based on personal knowledge, after appropriate inquiry, and I understand that the Government will rely on these representations in awarding grant funds.

GRANT REQUIREMENTS AND INFORMATION

- Officers funded during these overtime enforcement grants shall be dedicated in total to traffic law enforcement, except in the case of a criminal offense committed in the officer's presence, in the case of response to an officer in distress, or in the case of a riot where all available personnel must divert their attention.
- Officers may pull over drivers for any driving offense during patrols. This includes, but is not limited to, suspected drunk driving, speeding, school bus violations, CPS violations, traffic light/stop sign running, and distracted driving.
- Nothing in this grant shall be interpreted as a requirement, formal or informal that a law enforcement officer issue a specified or predetermined number of summons in pursuance of the department's obligation associated with the grant.
- If an officer makes an arrest during the patrol shift, but does not complete the arrest before the shift is scheduled to end, the officer can continue working under the grant to complete that arrest even if the time exceeds the scheduled patrol shift; however, the total request for reimbursement must not exceed the approved budget in the Grant Agreement.
- An officer who stops working a Highway Safety grant to assist with a Non-Highway Safety Grant related issue (i.e. crash, domestic dispute, criminal complaint, etc.), must not count such hours as hours worked on a Highway Safety Grant.
- Full-time officers will be reimbursed at an overtime rate of pay as established by the department and/or municipality for hours worked during the enforcement patrols. Part-time officers will be reimbursed at their normal hourly rate of pay.
- The Patrol Activity Report (HS-200) must be signed and dated by an authorized signatory (Police Chief or designee). Individuals working the enforcement patrol may not sign off on the Patrol Activity Report for themselves and if the Chief Law Enforcement Officer (CLEO) works an overtime enforcement patrol, they must comply with 29 CFR Part 541 as it relates to "exempt employees". This will require that the CLEO provide a waiver of 29 CFR, Part 541 from their governing body with any reimbursement requests in which the CLEO has worked. Additionally, the CLEO may not sign off on their own HS200 or that of a spouse, child or sibling who may work an enforcement patrol.
- If weather impedes a particular enforcement detail, this should be noted on the Patrol Activity Report (HS-200).
- Command staff may participate in and be compensated for enforcement details if acting in a traffic enforcement role rather than acting exclusively in a supervisory role overseeing officers engaged in traffic enforcement.
- Failure to comply with reporting requirements may result in non-reimbursement of funds or suspension of grant award.
- Non-participation or non-compliance with the performance measures may result in grant agreement suspension, termination and/non-reimbursement of expenses.

### Reimbursement Schedule and Required Paperwork

  2. Copy of the detailed equipment invoice;
  3. Match Tracking Form (HS-22);
  4. Copy of Cancelled Check; and
  5. Final Equipment Report (HS-8E)
- If no enforcement patrols took place during the quarter you are required to submit the Reimbursement Cover Letter (HS-1) indicating that you are not seeking reimbursement by placing \$0 in the projects where you were awarded funding.
- Failure to file required reports by the submission due dates can result in grant termination or denial of future grants.
- All publications, public information, or publicity released in conjunction with this project shall state "This project is being supported in part through a grant from the NH Office of Highway Safety, with Federal funds provided by the National Highway Traffic Safety Administration" or related social media tag provided by our office.
- Grant agreements shall terminate in the event funds are exhausted and/or not made available by the federal government for this program. If the grantee makes obligations in anticipation of receiving funds under this grant, the grantee does so at their peril and the State of New Hampshire will be under no obligation to make payments for such performance.

I sign these Grant Requirements based on personal knowledge, after appropriate inquiry, and I understand that the Government will rely on these representations in reimbursing grant funds.

## Scope of Work

### SPEED ENFORCEMENT

Over a five-year period, 2015 to 2019 speed is the third leading primary cause of crashes in New Hampshire. In order to have the greatest impact police departments should utilize Speed funding to enforce speed limits within your community. Local data should be used to identify the time of day, day of the week as well as location that speed crashes and violations are occurring. **For additional grant requirements please familiarize yourself with the section of the grant agreement titled, "Grant Requirements and Information".**

- The locations as well as time and days of the Speed overtime patrols shall support the problem statement identified in your grant application.
- Speed enforcement patrols should be no more than 4-hours in duration.
- If the last stop of a grant-funded patrol results in an arrest that requires the patrol to exceed 4-hours, OHS will consider payment, after review of the dispatch log and Patrol Activity Report (HS-200). The dispatch log must show the arrest as the last stop of the patrol as well as showing the time the arrest was cleared.
- The OHS has an expectation that Departments will have a minimum of three documented stops/contacts per hour. Documented stops/contacts are defined as any grant-funded patrol officer contact with motorists, pedestrians, and/or bicyclists, during the grant-funded patrol periods. Contacts are required to be supported by written or electronic records maintained at the police department. These records must be maintained in a manner that guarantees their accountability during a monitoring review. If fewer than three stops/contacts per hour, the officer must provide an explanation as to why they were not able to fulfill three documented stops per hour.
- Departments must keep on file, under this grant program; copies of arrests, summonses, warnings, documented stops/contacts, officers' time and attendance, and all other pertinent information related to the grant. Documented stops/contacts are defined as any grant-funded patrol officer contact with motorists, bicyclists, and/or pedestrians, during traffic enforcement periods that can be supported by written or electronic records maintained at the police department. These records must be maintained in a manner that accurately reflects and supports the documented activity. These supporting documents are required to be available during a review or site monitoring visit.
- To maximize grant funding, patrols must consist of **one grant-funded officer per cruiser**; however, multiple cruisers may be out at one time.

- With **written**, pre-approval, from the Office of Highway Safety, departments may conduct 6-hour Sobriety Check Points and/or saturation patrols.

- The locations as well as time and days of the distracted driving overtime patrols shall support the problem statement identified in your grant application.
- Distracted driving enforcement patrols should be no more than 4-hours in duration.
- If the last stop of a grant-funded patrol results in an arrest that requires the patrol to exceed 4-hours, OHS will consider payment, after review of the dispatch log and Patrol Activity Report (HS-200). The dispatch log must show the arrest as the last stop of the patrol as well as showing the time the arrest was cleared.
- The OHS has an expectation that Departments will have a minimum of three documented stops/contacts per hour. These records must be maintained in a manner that guarantees their accountability during a monitoring review. If fewer than three stops/contacts per hour, the officer must provide an explanation as to why they were not able to fulfill three documented stops per hour. **Note:** When conducting distracted driving patrols using a spotter technique (one officer in a cruiser and one officer outside the cruiser), 3 stops per hour per officer may be difficult to achieve. In this instance, please focus on effective enforcement rather than the stops/hour requirement. Please ensure that the spotter notes this on his/her Patrol Activity Report (HS-200).
- Departments must keep on file, under this grant program; copies of arrests, summonses, warnings, documented stops/contacts, officers' time and attendance, and all other pertinent information related to the grant. Documented stops/contacts are defined as any grant-funded patrol officer contact with motorists, bicyclists, and/or pedestrians, during traffic enforcement periods that can be supported by written or electronic records maintained at the police department. These supporting documents are required to be available during a review or site monitoring visit.
- To maximize grant funding, patrols must consist of **one granted-funded officer per cruiser**; however, multiple cruisers may be out at one time. **Exception:** Two officers per cruiser when utilizing a spotter (one officer in a cruiser and one officer outside the cruiser), is allowed when a department is conducting strategic Distracted Driving patrols.

- Pedestrian Bicycle enforcement patrols should be no more than **4-hours** in duration.

- The OHS has an expectation that Departments will have a minimum of three documented stops/contacts per hour. Documented stops/contacts are defined as any grant-funded patrol officer contact with motorists, pedestrians, and/or bicyclists, during the grant-funded patrol periods.     - 11.2.2 Give the Subrecipient a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the Grant Amount which would otherwise accrue to the Subrecipient during the period from the date of such notice until such time as the State determines that the Subrecipient has cured the Event of Default shall never be paid to the Subrecipient; and
    - 11.2.3 Set off against any other obligation the State may owe to the Subrecipient any damages the State suffers by reason of any Event of Default; and

  - 12.3. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Subrecipient from any and all liability for damages sustained or incurred by the State as a result of the Subrecipient's breach of its obligations hereunder.
  - 12.4. Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Subrecipient hereunder, the Subrecipient, may terminate this Agreement without cause upon thirty (30) days written notice.
13. CONFLICT OF INTEREST. This covenant shall survive the termination of this agreement.

- 17.1 The Subrecipient shall, at its own expense, obtain and maintain in force, or shall require any subcontractor, subgrantee or assignee performing Project work to obtain and maintain in force, both for the benefit of the State, the following insurance:

No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure of waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Subrecipient.

Attention: Alderman Kevin Cavanaugh  
Chairman, CIP Committee

Subject: CIP Project #712521 – Infrastructure ADA Access

Dear Alderman Cavanaugh:

The Department of Public Works (DPW) respectfully requests that the balance of funds in the following project be transferred into CIP #712521 to support sidewalk improvements at curb ramps:

CIP #710417 – School Sidewalk Program (\$12,229.26 balance)

Consolidation of these CIP projects will improve record keeping for a continuation on the sidewalk program and is consistent with the original intent to advance pedestrian infrastructure within the City. Revised Budget Authorizations are attached for both CIP projects to recognize the transfer of funds. A DPW representative will be available for discussion at the January Board of Mayor and Alderman meeting. In the meantime, if you have any questions, please do not hesitate to contact me at this office.

Re: CIP #611621 - Light of Life Ministries Inc. 295 Hanover St. Renovation Project

---

Light of Life Ministries has informed us that they were unable to negotiate the sale of 295 Hanover Street. As a result, Light of Life Ministries is requesting that the location of their project be changed from 295 Hanover Street to 247 Pearl Street. The organization has indicated that the development of this property will result in the creation of congregate transitional housing for ten women and their children.

The total development budget for this project is estimated to be \$548,700, \$458,000 to be financed with City CARES act funding and \$90,700 to be financed with owner equity/grants.

Light of Life Ministries respectfully requests your review of this request, and recommendation for approval to the full Board. In the event that the request is approved, we have prepared the appropriate CIP Budget Authorization Form.

Dear Alderman Cavanaugh,

Thank you so much for your support of funding through the CDBG-CV funds for the Light House. As you have been made aware, the location for the Light House project has changed due to the owner of 295 Hanover Street making unrealistic demands on timing. This worked out for the best as we are now under contract to purchase a different property that is in much better shape and will better meet our needs.

We are asking the CIP Committee to approve an amendment to the project. The address will now be 247 Pearl Street, Manchester, NH. This is an R-3 zone and is still Alderman Roy's ward. We are on target with all the underwriting including but not limited to the environmental review, appraisal and change of use. We are scheduled to close on or around March 5, 2021.

We are looking forward to attending the CIP meeting on January 4<sup>th</sup> and request that this amendment be added to the agenda. I am attaching an updated budget sheet for your review as the costs for acquisition and renovations have changed. Now that we are on Pearl Street, the cost of this project is significantly less.

Thank you, as always, for your consideration and partnership

Re: CIP #610417 Housing Rehabilitation Program – Mortgage Subordination – 404  
Laurel Street (Two Family Home)

---

John and Allison DeCesere, the owners of 404 Laurel Street have contacted this office to request the subordination of a City lien totaling \$22,965 placed upon the aforementioned property. The lien was placed due to the use of Lead-Based Paint Hazard Reduction Demonstration Grant funds used to pursue lead abatement and renovation at the property. If the requirements of the lead program are complied with, this loan will be forgiven in 2023.

The requested subordination will allow the owner to acquire a lower rate mortgage on the property thereby reducing operational costs and correspondingly, its economic viability. The owner represents that no cash is being taken out in the refinancing and that the City's security instrument will remain in the same position. As such, it would be consistent with the previous actions of the Committee to recommend this lien subordination.

Respectfully, I request that the Committee make a recommendation to accept or deny the subordination request to the full Board.

RE: 404 Laurel Street – Subordination of Loan

Dear Alderman Cavanaugh:

We would like to request that the CIP Committee allows us to subordinate the current mortgage between the City of Manchester and ourselves.

We, John and Allison DeCesere, would like to refinance the above referenced property to lower our current interest rate and shorten the term of the loan with no cash to be taken out.

The property appraised for \$216,000 when we purchased in 2011 and is currently assessed at \$207,900. The balance on the current mortgage is \$157,919 and the new mortgage, with closing costs, is approximately \$167,000.

It is our intent for the City of Manchester to remain in the second position after the subordination.

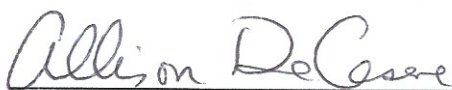

Thank you for your consideration.

Sincerely,

---

John DeCesere
